

ARUN KUMAR MEDA

Bengaluru, India • medaarun390@gmail.com • linkedin.com/in/arun-kumar-meda-557b051b8 • github.com/arunkumarmeda27

PROFESSIONAL SUMMARY

Enthusiastic Software Engineer and Front-End AI Engineering Intern with a strong foundation in JavaScript, Python, C/C++, and modern web architectures. Proven track record in building high-performance web applications, developing full-stack project management systems, and competing in national hackathons (Top 37 Finalist). Active open-source contributor passionate about building user-centric interfaces and intelligent software solutions.

TECHNICAL SKILLS

- **Programming Languages:** JavaScript (ES6+), C, C++, Python, HTML5, CSS3, SQL
- **Frontend & Web Frameworks:** React.js, HTML5, CSS3, Flexbox/Grid, Responsive Design, REST APIs
- **Backend & Cloud Technologies:** Node.js, FastAPI, Firestore NoSQL, MongoDB, Python Backend Workflows
- **Developer Tools & Practices:** Git, GitHub, VS Code, Linux Shell, Rate-Limiting Middleware, CI/CD

WORK EXPERIENCE & INTERNSHIPS

FlyRank AI – Front-End AI Engineering Intern

June 2026 – Present | 12 Weeks Internship | Bengaluru, India

- Selected for intensive internship program to design, build, and optimize high-performance frontend interfaces.
- Collaborated on integrating Artificial Intelligence feature workflows into responsive web application UIs.
- Utilized modern frontend technologies and design patterns to deliver scalable, cross-browser compatible web pages.

DSCE ERP Management System – Lead Developer

Academic Year 2025 – 2026 | DSCE Bengaluru

- Engineered a unified mini-project management platform for 500+ engineering students using React, FastAPI, and Firestore.
- Built an automated guide allocation algorithm that reduced manual project assignment overhead by 80%.
- Implemented rate-limiting security middleware and role-based access control (RBAC) to ensure system reliability.

KEY PROJECTS & ACHIEVEMENTS

National Agriculture Tech Solution – Team Lead & Core Developer

Jan 2026 | IBM & ACM Co-sponsored Hackathon

- Led Team *Alpha_Coders* to develop an automated agricultural monitoring solution during a national hackathon.
- Selected among **Top 37 National Finalists** out of thousands of participating developer teams across India.

Open Source & Web Applications – Contributor & Developer

2024 – Present | GitHub Profile

- Authored and maintained multiple public GitHub repositories showcasing clean code, UI design, and web tools.
- Contributed 100+ commits across open-source repositories with clean documentation and responsive designs.

EDUCATION

Dayananda Sagar College of Engineering (DSCE), Bengaluru, India

Bachelor of Engineering (B.E.) in Information Science & Engineering (ISE) (2024 – Present)

Relevant Coursework: Data Structures & Algorithms, Object-Oriented Programming (C++/Java), Database Systems, Web Engineering, Operating Systems.

CERTIFICATIONS & HONORS

- **Top 37 National Finalist:** Tech For Agriculture National Hackathon co-sponsored by IBM & ACM (Jan 2026)
- **Mastering C & C++ Programming:** Certified by Udemy (Jan 2025)
